Bark River, MI- The Hord Racing team was ready for racing action in Rounds 3 and 4 on their home track in Bark River, MI. The BOSS Snowplow #9 had a good start as the field of Pro-2WDs charged toward the record breaking crowd into turn one. As the dust settled, Chad was running in second place. On lap two Chad nearly flipped end over end coming off of the table top jump at the new finish line, amazingly he was able to save it, but it cost him his position in the running order.

At the mandatory caution Chad was running in fourth place and

held the position on the restart. With a few laps to go the AM-SOIL, Kumho Tired machine kept charging forward, pressuring the truck ahead of him. Eventually Chad overtook the third position when the truck ahead of pulled off with engine problems, as the result of the demanding pace.

Chad settled into third place and maintained his position when the checkered flag flew. This was Chad's first podium in the Pro-2WD class.

Results:

1. Mike Oberg
2. Rob MacCachren
3. Chad Hord

Round 4

After making minor adjustments to the truck from the previous round of racing the AMSOIL protected, Kumho Tired #9 took the field in the fifth position for the rolling start.

Chad battled back and forth with the top trucks to finish the race in the fourth position. We currently are sitting fourth place in the points championships standings and are pleased with the truck in its first season.

Following the racing action on Monday Chad and the team stayed in Bark River to

further test the truck. With each lap on the track the truck continually runs faster and smoother.

Look forward to the Hord Racing team continually charging toward the front.

- Results: 1. Rod MacCachren
- 2. Ricky Johnson
- 3. Scott Taylor

Oakley Bob: Road MacCachren

Fourth of July Parade

Foster City, MI– The Hord Racing crew gathered on the Fourth of July to enter the semi hauler, Five Traxxas RC Cars with the Pro-2WD #9 replica bodies, and a BOSS Snowplow outfitted John Deere Gator in the local parade. Many family friends helped with the efforts. The Hord Racing Family would like to thank John, Angie and Wyatt Mattson for driving the hauler, Dan and Taylor Steele for driving the Gator, and spotting the RC cars, Paul and Gabe Johnson, Manley Murray, and Lexi Steele for operating the RC cars, Amy Steele for taping the parade and Kasey Roell for helping get everything together and riding on the float with the family. Chad enjoyed driving the RC cars with everyone, while Amy, Ashton and Aiden threw candy.

Some of you may have met our truck driver Bob Berg, who drives the hauler for us from time to time. He has had some complications following a surgery and has a long road to recovery ahead of him. Please keep him and his family in your thoughts and prayers.
